

Poor Koala

Booby, The koala

One day, I was sleeping on Sydney's beach when I saw a lifesaver, He was kind and suntanned. We were talking, when suddenly a little cute koala arrived. I called him Booby. The koala approached the sea and wetted its feet in the ocean.

Jimmy

The lifesaver saw a shark. It was dangerous and menacing. It came to the coast of the beach and bit the koala's right foot. I laughed with Jimmy, the lifesaver, and we were speaking and I think that was fun.
